JOB POSTING - HARDSCAPE PROJECT MANAGER/FOREMAN

We specialize in interlocking and concrete outdoor living spaces, as well as hydroseeding. We are in search of a motivated individual to join our team and take on the responsibility of managing projects and being a team leader.

Your **duties/responsibilities** will include:

- Reference blueprints/design plans effectively
- Communicating with customers, vendors and subcontractors
- Management of skilled laborers on site
- Efficient operation of equipment including rotary laser levels, measuring tapes, and gas concrete saws
- Concrete finishing
- Interlocking stone installation
- Hydro seeding and soil preparation
- Teaching team members to safely operate skid steers, loaders and mini excavators
- Train new crew members to do tasks efficiently
- Showing up on time every day
- Maintaining a professional image

Compensation:

- \$24 – \$33 per hour (based on experience)
- Local work/no extensive travel

Requirements:

- Ability to work with minimal supervision
- 3+ years experience in hardscape installation projects (excavation, concrete forming, finishing, Paver patios, retaining walls, steps, concrete saws etc.)
- Experience with operating and transporting mini excavators is a benefit
- Clean and valid driver's license
- Must take pride in their work

Job Types: Full-time

Salary: \$24.00-\$33.00

per hour
